

Assumption of the Risk and Waiver of Liability Relating to Coronavirus/COVID-19

The novel coronavirus, COVID-19, is extremely contagious and is believed to be transmitted by close person to person contact. As a result, the government of Ontario has only recently permitted the re-opening of some services including Physiotherapy only if in compliance with physical distancing and infection control guidelines. Do Physio (Company) and Nam Do (Practitioner), in accordance with the Public Health Office and Ministry of Health guidelines, have put in place protocols to reduce the spread of COVID-19 during in-person Physiotherapy treatments; despite these measures, there is still a risk of infection due to the close proximity and thus increased risk inherent with these treatments. By signing this form you acknowledge and understand the risks involved in receiving in-person physiotherapy treatments, and release Do Physio and Nam Do from liability should you contract COVID-19 as a direct or indirect result of receiving in-person Physiotherapy treatment.
